Overview

- Setting the Scene
 - Large classes
 - Small classes
- Clickers – what are clickers and how are they used?
- Slido – what is slido and how is it used?
- Comparison of data between the two
- Review

Slido Questions x 3

Setting the scene:

Large classes

- 200+ students
- Cohort = largely international
- Quiet
- Questions go unanswered...
- Does the technology work in small classes too?

Setting the scene: Small classes

- Max 50 students
- Old fashioned raise your hand
- More interaction than compared with clickers and slido

Setting the scene: Open days

- Limited interaction
- Unsure about getting your phone out...

Clickers

- Interactive engagement and assessment solution
- Requires a specific device for interaction to occur
- Ask short and essay style questions

Clickers

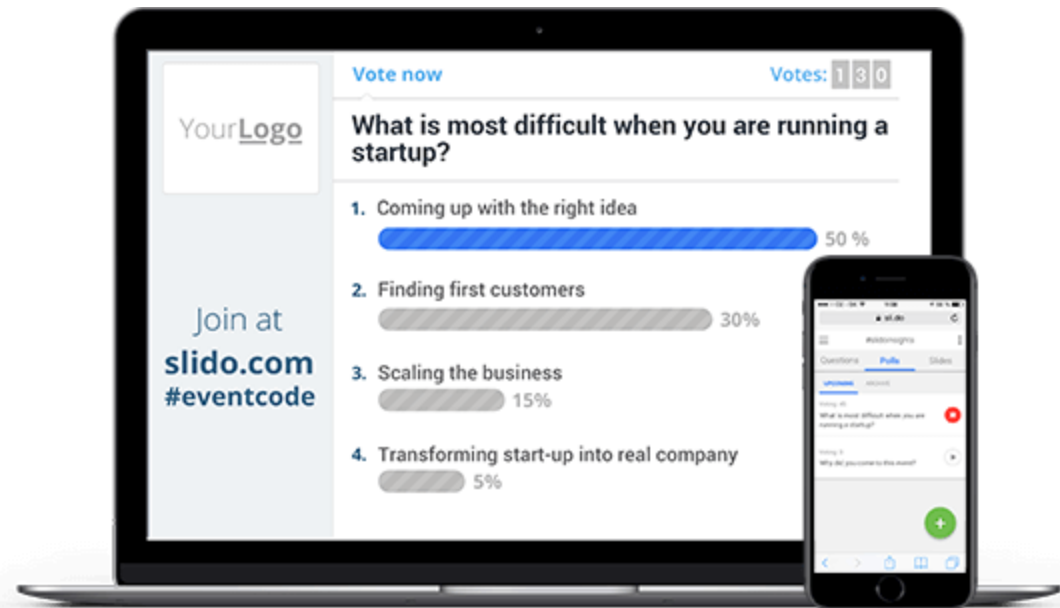

- Install turning technologies
- Insert dongle into USB port
- Open turning point
- Open your power point presentation and create the questions to be answered using clickers

Clickers

- Run your presentation and when you get to the questions ask the audience to respond via clicker or mobile device
- Remember to save on the turning point tool bar as this saves the data

Slido

- Audience interaction tool
- Interactive Q & A
- Live polls
- Wordle
- Easy to collect analytics

Slido

- Go to slido.com
- Sign up/log in
- Create event details
- Create questions
- Use the switcher to flip between slido and the presentation
